# HANLON SCULPTURE STUDIO

## Kind Words

### Steve Gleason "Rebirth" Statue for the New Orleans Saints

"I am honored to be here today witnessing the commemoration of this statue. It is an incredibly special memory and something that we all shared in. To me, it stands for resilience, it stands for determination in the face of adversity and it stands for what is right and great about New Orleans, Steve Gleason and the New Orleans Saints. I am greatly touched, honored and thankful to have been a part of this ceremony. It gives us added pride to call New Orleans home." ~ *Drew Brees*

Brian Hanlon is a classically trained master sculptor and founder of Hanlon Sculpture Studio, located in Toms River, NJ. In business since 1991, Brian has sculpted over 200 public art pieces, specializing in bronze statues, and is the Official Sculptor for the Naismith Memorial Basketball Hall of Fame.

### Chuck Bednarik Statue University of Pennsylvania

"I never, ever thought that I would be honored with a statue. I always believed that statues were for saints. This sculpture that will stand forever at Franklin Field is magnificent. When I look down at it from Heaven, it will be with great pride and appreciation."

~ *Chuck Bednarik*
